- 3 [Conference in Šiauliai](#)
- 4 [Partners](#)

All our project results are available on our website. Under the 'Results' tab, you will find the Documentary, the Cartoons with activity guidelines, the app, and the Methodology.

All the tools are free and can be downloaded. They are very user-friendly, so try them out and if you have something to say or suggest, do not hesitate to contact us!

Last Transnational Meeting

This March, the last project meeting took place in Lithuania. The partners from Cyprus, Greece, and Spain met in person and the coordinator from Cyprus participated via Zoom. Hybrid meetings can be challenging, but by now we are all experts at overcoming any problems that arise! All partners are very happy with the results achieved and look forward to continuing to work together in the future.

Conference in Šiauliai

EDUPRO organised a conference with over 140 attendees: teachers, social workers, VDC representatives and others working with children and adolescents. The event was followed by very dynamic workshops where participants could try our results and learn how to put them into practice.
